

Sales of L. Kellenberger & Co. AG in the Netherlands.

A rapid reorganization of customer service and the supply of replacement parts for the many users in the Netherlands was the highest priority following the insolvency of SGM Machine Technology B.V.

To keep users satisfied and continue to retain them was the order of the day.

In an announcement on August 25, 2009 we informed you, as our customer, about the new organization.

As a second, now completed step, we dealt with the question of sales for the range of products

KELLENBERGER, TSCHUDIN HAUSER	cylindrical grinding machines, St. Gallen and Biel, and jig grinding machines, Biel
----------------------------------	--

With immediate effect, two companies were entrusted with the handling of our interests in this important market.

First, we are talking about the companies

Produotec B.V., Energieweg 3 V, NL-4231 DJ Meerkerk, Holland
Tel: +31 183 600 560, Fax: +31 183 600 647
info@produotec.nl
<http://www.produotec.nl>

and

SGM Technology B.V, Waardbeekdreef, 3, B-1850 Grimbergen, Belgium
Tel: +32 2 466 34 40, Fax: +32 2 466 21 10
info@sgm.info
<http://www.sgm.info>

We are convinced that with this step, we have established the conditions for a maximum of continuation.

The competence of both companies, in a business which requires a high degree of customer counseling, is indisputable in the Netherlands.

We would be happy if you, as our potential customer, would continue to trust in our new partners.

Moreover, it goes without saying that the entire organization of KELLENBERGER is available for you in all matters, in particular our Senior Country Manager

Herr Klaus Spiers, with his office close to the border, in Hilden near Düsseldorf for the product areas KELLENBERGER and TSCHUDIN

Hofstrasse 1
D-40723 Hilden
Klaus.Spiers@kellenberger.net
+49 2103297643

and

Fritz Ruprecht, for the product area HAUSER

Längfeldweg 107
CH-2500 Biel 8
fritz.ruprecht@kellenberger.net
